ADDENDUM TO CALL FOR PROPOSALS AND GUIDELINES FOR APPLICANTS OF PROGRAMME
No. HU0008-03

The present addendum amends Section 5.C of the Call for Proposals and Article 1.3 of the Guidelines for Applicants as follows:

1. The following text is added to the Call For Proposals, Section 5.C, Maximum And Minimum Grant Amounts:

”In case of any equipment/investment component under Cluster 1 – *Programme to foster the social and labour market (re)integration of (multiply) disadvantaged youth* – and Cluster 2 – *Programme to foster the labour market (re)integration of people belonging to the Roma minority*- where a profit-making enterprise is a party to the consortium as Employer, the requested grant may not exceed 25 % of the total cost of the equipment/investment.

In case of Cluster 3 – *Retraining and employment programme to foster the labour market (re)integration of people living with disabilities* - where a profit-making enterprise is a party to the consortium as Employer, the requested grant may provide up to 90% of the total cost of the equipment/investment provided that the equipment/investment serves the accessibility of the workplace and employment of disabled people.”

2. The following text is added to the Guidelines for Applicants, Article 1.3, Financial Resources Of The Project And Amount Available For Applicants By The Contracting Authority:

”In case of any equipment/investment component under Cluster 1 – *Programme to foster the social and labour market (re)integration of (multiply) disadvantaged youth* – and Cluster 2 – *Programme to foster the labour market (re)integration of people belonging to the Roma minority*- where a profit-making enterprise is a party to the consortium as Employer, the requested grant may not exceed 25 % of the total cost of the equipment/investment.

In case of Cluster 3 – *Retraining and employment programme to foster the labour market (re)integration of people living with disabilities* - where a profit-making enterprise is a party to the consortium as Employer, the requested grant may provide up to 90% of the total cost of the equipment/investment provided that the equipment/investment serves the accessibility of the workplace and employment of disabled people.”

All other parts and dispositions of the original Call for Proposals and of the Guidelines for Applicants, which are not amended here, remain valid.
